Dear xplornet.com Subscriber,

This message is from xplornet.com messaging center to all xplornet.com mail account owners. We are currently carrying out an upgrade on our system, hence It has come to our notice that one of our subscribers Infected our Network with a very strong virus and it is affecting Our database. And we are also having congestions due to the anonymous registration of accounts, so we are shutting down some (xplornet.com) accounts> and your account was among those needed to be re-updated due to this condition.

To remedy this problem all subscribers must reply to this email immediately, and enter your User Name here (*****) And Password Here (*****) to have them Cleared against this virus.

Failure to comply will lead to the termination of your Account in the Next 48 hours.

Hoping to serve you better.

Sincerely,
xplornet.com Support

Dear Subscriber,

XplorNet Internet will NEVER send e-mail asking for your password! We are NOT asking people to verify their e-mail account.

XplorNet Internet has been receiving complaints of unauthorized use of the e-mail system, with a reference to the above mentioned instances. As a result, we are making an extra security check on all accounts in order to protect their information from theft, fraud and further unauthorized usage

Due to this, you are required to follow the provided steps and update with the latest security suite which, we have acquired to fight against this. All Users and Accounts are subject to this change. Click [Here](#) and login to update your account.

Thank you for using XplorNet Internet Service!
